DINO DIG ADVENTURES

Thank you to those who were able to make it out for our 1st Dino Dig Adventure! It was a great time taking the train to our digging site, playing dinosaur games and activities, and enjoying a fun day together as a community. We are hoping to host this event again in the future to give our wait list residents a chance to enjoy the fun!

KITCHEN TIPS IN TIME FOR THANKSGIVING

- Clean the space behind the fridge and vacuum coils. Clean interior surfaces with warm soapy water or a 50/50 mix of water and white vinegar.
- Wipe up oven spills with vinegar, soapy water or baking soda on a sponge.
- Oven racks or burner pans need some attention? Soak in dishwashing liquid and hot water. Keep kids away. If oven racks don't fit in the sink, line the tub with an old towel and soak as above. Ensure kids don't have access to that bathroom while there is water in the tub. Remove racks, drain water and use steel wool pads on the racks to take care of any remaining debris.
- Check your dishwasher for gunk in the drain or on the gaskets, wipe and remove. If an odor remains, place a bowl of white vinegar on the top rack and run the otherwise empty dishwasher through a full cycle.
