REMINDER -- RENT IS DUE!

Rent is due by the first of the month! Please enjoy complimentary cookies in the leasing office when you come in to pay on time. If you pay after the 5th of the month, a late fee will be acquired.

FREE WINTER WARMERS

-Let the sunshine in - open curtains or blinds and let the sun warm your room! (Be sure to close them at sundown to help insulate the room.) Move furniture so you're sitting by warmer interior walls.

-Turn off lights. Unplug the spare fridge in the garage if you don't really need it, saving 10% of your electric bill. Shorten showers. Showers account for 2/3 of your water heating costs. Reducing each shower by several minutes saves hundreds of gallons of hot water per month.

-Use appliances efficiently. Run only full washer loads, using cold water when you can. Be sure to keep the dryer lint trap clean for maximum efficiency. Skip the heated dry cycle on the dishwasher and air dry instead.

-Unplug what you can. TV's, cable boxes, chargers, etc. all use electricity even when they're off. Unplug those not used daily or essential to life, like the timer on the coffee maker!
