

# COMMUNITY DIRECTOR UPDATE SEPTEMBER 1, 2025

## COMMUNITY UPDATES

We want to remind everyone that our pool will be closing **September 15<sup>th</sup>**, so please take advantage of the great weather and enjoy the community pool!

## MAINTENANCE TIPS

Regularly replacing your HVAC air filter is a quick and simple way to keep your system running efficiently.

Clean filters improve airflow, reduce strain on your equipment, and help maintain healthier indoor air by keeping dust, allergens, and other contaminants at bay.

Make it part of your routine to check your filters monthly and replace them as needed. It's a small effort that ensures a more comfortable home and a longer-lasting HVAC system!
